ELECTRONICS INSTALLATION

All custom electronics installations and electrical rigging work completed by ABYC Certified Technicians.

BOTTOM BLASTING SERVICES

Revolutionary dust free wet abrasive blasting process uses a low pressure Green Clean media (recycled glass and volcanic pumice stone) with warm water and air that will not cut into your gelcoat.

All labor and materials \$6.50 per sq/ft

FIBERGLASS REPAIR

Our technicians utilize the latest techniques and materials to repair and fix common problems like blisters, damage from rubbing or collisions and scratches within gelcoat to “like new” conditions. Each job is carefully considered and estimated so there are no surprises in getting your desired results in a timely fashion.

CANVAS & EISENGLASS REPAIR

Whether EZ2CY or Eisen Glass, our network of approved subcontractors who are permitted onsite provide remarkable results in either replacement or repair to existing canvas and eisen glass to provide safety while underway and a finished look to be proud of while you are at the dock.
